EXPERIENCE

Agorae(Mern Stack Developer) — Feb 2023 - Present
Anandpushp Technologies Private Limited — *Kolkata*

- In this Project ,i have worked on **inventory(like e-commerce)** which a sub-part of Agorae project.
- In this Project,Any **admin from a institute can add the product** and **Staff or student** of that institute can buy the product.
- Created diffrent **Apis and implemented those in front-end react**.
- Created **Database design and Schemas** for this project by doing R n D by myself.
- Created diffreent function to handle backend and front errors.

Jobs in education(Node js developer) — Oct 2021 - Jan 2023
Anandpushp Technologies Private Limited — *Kolkata*

- This application is for job seekers.Something like naukari.com.
- It has three panel (**Admin,Seeker,Employer**) .
- I design **Restful Apis,Writing Mysql and Mongodb** queries to achieve different features.
- Created different **database schema** to achive different functionality and features.
- Created different **Push notification on email and whatsapp** by calling salesforce api.
- Implemented **S3 and CDN to upload,get and delete images,videos**.
- Different **Scheduler and crons** for triggering some notification or performing some action.

Junior Software Developer — Aug 2021 - Oct 2021
IIHT — *Kolkata*

- It was the company traning oraganised by **Anandpushp technologies private limited**.
- I learnt **Node Js,Mongodb,PHP,SQL,DBMS,AJEX,CI,HTML,CSS And JavaScript**
